## **Logistics Capacity Assessments (LCAs)**

**The Logistics Capacity Assessment (LCA) is a long-standing tool of WFP Logistics. Since 2008, it has provided an important source of information related to the logistics infrastructure and services in a given country. It is a tool for organising that information in a standard way across multiple countries and a means of sharing that information both within WFP and with the humanitarian community globally.**

**For information, please contact [LCA.GLOBAL@wfp.org](mailto:LCA.GLOBAL@wfp.org)**
