Port Overview

The Cebu Port Network is composed of the Baseport and the Subports. Located in Cebu City, the Cebu Baseport is divided into Cebu International Port and Cebu Baseport Domestic Zone. The Subports are the secondary hubs or the management offices of the Cebu Port Authority strategically located in different areas of the entire province of Cebu. Under each subport are the outports - these are the ports under the smaller systems of subports. There are five Subport under the Cebu Port Network: Mandaue, Danao, Sta. Fe, Toledo, and Argao. Cebu baseport is suited at the city frontage between Cebu and Mactan island, the port runs a total length of 4,202 meters (from International to Domestic Zone). The international zone has a length of 690 meters and the Domestic zone has 3,707 meters.
