2.1 Bangladesh Port Assessment
The port is a nodal point in international supply chain and logistics, and the need for efficient, cost-effective and international standard port services is considered as a pre-requisite for advancing the economic growth rate of the country. This may be achieved through increased private sector participation in port operation.

For information on Bangladesh Port Network contact details, please see the following link:

4.4 Bangladesh Port and Waterways Company Contact List

A detailed list of the transit times of ocean freight from other ports to the port of Chittagong can be found here:

Ocean Freight Transit Times
