

3 Dominica Services and Supply

Dominica is dependent on shipping in vital supplies, and is therefore a net importer of goods and services. In 2016 Dominica exported \$52.7M and imported \$182M, resulting in a negative trade balance of \$129M in net imports. Most of the basic food basket products are imported except for some fruits and vegetables. The top import origins are the USA, China, Thailand, the United Kingdom, and France.
