

3.6 Iraq Additional Services

Provision of goods and services in KRI is easily available in the main cities. Chamber of commerce have updated lists and issues yellow pages directory where all information are kept up to date. Online version is also available at: [Yellow Pages - Iraq](#).

For what regards the rest of the country the market is active where security is granted, and offers goods and services, but information is less organized and available.

For more information on food supplier contact details, please see the following link: [4.11 Iraq Additional Services Contact List](#)
