The borders were closed during the Ebola outbreak in 2014/2015. Private cars are not provided a separate lane.

**Customs Clearance**

In order to obtain a customs clearance, all the documents should be prepared and approved by the Customs authority in Conakry, then transmitted to the regional customs office respectively. A copy should be made available at the border post by the requester/transporter. The waybill and commercial invoice are the main documents requested by the customs at the border. There are no fees per truck but trucks should have a laissez-passer and insurance card.
