

3.5.2 Marshall Islands (RMI) Additional Suppliers

Overview

All goods are imported and any goods required to support humanitarian mission are available on the local market only in small quantities. Additionally the quality of goods may be questionable and the sourcing of higher quality more reliable items will need to come through the main retailer wholesalers as specific orders.

Supply channels mostly come through Guam thereby and stocks available in Guam can be received in RMI with 1-2 weeks. Depending on the timing of the shipping schedule. In 2018 a direct shipping service from Hawaii will commence. This will mean goods and parts ex Hawaii will arrive in 2 weeks whereas Hawaii sourced parts come via Guam adding further 2 weeks to the delivery time frame.

For more information on suppliers' contact details, please see the following link: [4.10 Supplier Contact List here.](#)

Wholesale – Do it best Hardware

Due to the limited nature of wholesale and retail suppliers in RMI Companies listed in Food Supplies are also potential supplier of products other than food/ Supplier listed here are
