Airport Overview

The original Aitutaki coral airstrip was constructed by American Marines during World War 2. The airport handles on average 5 flights daily from Rarotonga. It is served mainly by domestic airlines Air Rarotonga. Aitutaki Airport Terminal provides basic facilities for arriving and departing passengers. The runway was sealed in 2003 and a rejuvenation of sealing in 2012. It has two direct flights a week to the Island of Atiu.

1 Main Runway 2 Terminal 3 Disused (crushed coral) Runway
