

## 2.2.2 Turkmenistan Mary International Airport

- [Runways](#)
- [Airport Infrastructure Details](#)
- [Companies Available](#)

The international airport of Mary has been completely reconstructed and equipped by the newest radio engineering systems, allowing to accept aircraft of all types on two runways:

- First runway (18L/36R) has extent of 2800 meters and width of 45 meters
- Second runway (18R/36L), length of 3800 meters and width of 45 meters

The new terminal of the airport allows to serve to 300 passengers per hour. There is all for creation of comfortable conditions of expectation of a departure in an air terminal hall:

- services of post and a domestic long distance communication
- exchange
- baggage offices
- information bureaus
- cafeterias
- cash desks of local and international airlines

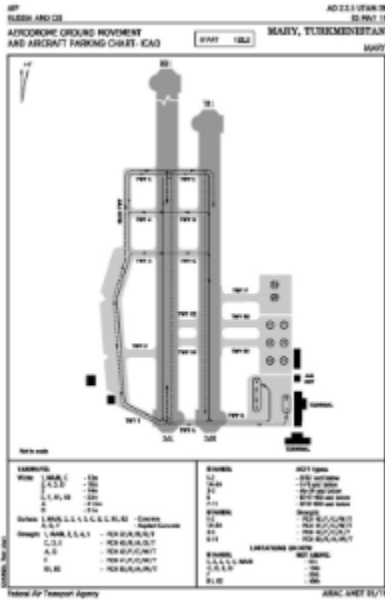

Mary has been based in 1884, on the bank of Murghab river, in the middle of the heated sand of desert Kara Kum, in 30 kilometers from ancient Merv. Ancient Merv is a dream of the travelers who are fond of ancient culture and disappeared civilizations. Today this territory contains the rests of at least five ancient cities of the various periods. The country Margush is legally considered one of the most ancient civilizations on the Earth and under assumptions of the modern historians it is applying for occurrence in the four of the ancient cultural world centers, along with Egypt, Mesopotamia, China and India. Merv is entered in the list the World heritage of UNESCO, as the most well remained ancient centre of the Great Silk way.
