

2.2.3 Tajikistan Khujand International Airport

Airport Overview

Khujand International Airport(KIA) is servingKhujand, the second-largest city inTajikistan. Khujand was formerly known as*Leninabad*(during the Soviet era); hence theIATA code*LBD*. It is located out of the city, in the nearby town ofChkalovsk.

Serving the northern Sughd province with around 2.7 million population, KIA is Tajikistan's second busiest airport. Most flights are to various cities in Russia provided by Russian airline companies. The only domestic ones are daily flights to Dushanbe on Tajik Air and SomonAir.

The runway dimensions are 3,185m by 50m, with an asphalt surface in good condition and with runway lighting.
